Sir,

I have the honor to state that as already reported in this office letter No 319, dated 9 2 09, an estimate for Rs 499/- was sanctioned by me to meet the wages of coolies employed in pumping water for the use of the Chitaldrug town people. As the tank received no supply of water till the end of June last or in subsequent months, the pumping operations had to be continued, a sum of Rs 1,096-13-3 or Rs 597-13-3 in excess of the estimated cost being actually incurred.

ml 342-08 D

2 Under these circumstances, I beg that the excess amount in question may kindly be sanctioned, the same being met

from the advance of Rs 600/- sanctioned by Government in their Proceedings No 12074-75/ml 342-08-9 dated 1st June 09

P

3 I would also venture to suggest that the Executive Engineer Water Supply and Stores Division may kindly be asked to visit this place at an early date to advise the Municipality as to the best way of increasing the capacity of existing wells from which water is being pumped and whether it would not be cheaper in the long run to instal an oil engine for pumping purpose

I have the honour to be
